

Macsteel
SERVICE CENTERS USA

PREPAINT PRODUCTS

Coil coated steel and aluminum are quickly becoming the preferred alternative to in-house coating during the manufacturing process. Macsteel Service Centers USA has the ability to provide a complete coil coated package whether you are looking for an alternative to your current post-painting concerns or a supplier that has direct coil coat experience.

Some reasons to convert to a coil coated product:

- Lower finished component cost, higher bottom-line profit.
- Reduced work-in process inventory.
- Better utilization of plant capacity by eliminating aging paint lines.
- Reduced incidents of bottlenecks.
- Improved overall quality of finished product.

PREPAINT PRODUCTS

PRODUCT CATEGORIES

Macsteel Service Centers can provide many types of coil-applied coatings over bare and coated carbon steel, stainless steel and aluminum. Coatings range from purely functional to those designed primarily for aesthetics. Some to consider are:

- Chrome free coatings
- Anti-fingerprint coatings
- Laminates that have functional or aesthetic qualities
- Coatings specifically formulated and matched with the required metal base with your specific challenges in mind.

APPLICATIONS

- Pretreated or pre-primed material that could eliminate in-house cleaning and treating or provide the surface your downstream processes require.
- Primer that is formulated to allow welding or adhesive bonding.
- Products that require color consistency over a variety of components.
- Coatings that address abrasion resistance and the demands of handling.
- Laminates with wood grain, marble, faux stainless, camouflage or high sheen appearance.

- Adhesives
- Smooth or textured finishes.
- Embossing — Stucco, Seville, Woodgrain.

SUPPORT SERVICES

A complete product range and a full complement of processing options are only two thirds of the Macsteel Service Centers USA story. To provide you with turnkey service, we offer the following support services and benefits.

- Metallurgical and Design Support
- ISO 9001:2000, QS-9000 Quality Systems
- Vendor-Managed Inventory Systems
- JIT Delivery Programs
- Company-owned Truck Fleet
- Customized Stocking Programs
- Single Invoiced Prepaint Packages
